Joy is a part of life we can all experience. It is a gift from the Lord! Nehemiah 8:10 tells us "The JOY of the Lord is our strength." In life trials do come. They are part of our journey, but when we give our worries and our most difficult pain to the Lord, He will restore our joy. We can live our lives with joy and finish strong.

### GIRL TALK

Ever wonder why some people attract friends like a magnet and others don't? What does God have to say about friends and close relationships? We will talk about the keys to meaningful relationships with other women and laugh at how we are getting through this journey together. This is the perfect keynote talk or a first talk to be used at a retreat if there are multiple sessions.
